On Monday morning, Anne Bayefsky was one of the few voices to oppose the anti-Israel madness of the execrable Richard Falk, the 9/11 Truther who is a Special Rapporteur at the UN Human Rights Council. The Human Rights Council, incidentally, is something the U.S. government chose to ignore until President Barack Obama decided to give it legitimacy--a policy both Susan Rice and Samantha Power fully support.

Bayefsky live-tweeted the event, and her comments are both darkly amusing and revealing about the extent to which the Human Rights Council has become a forum for brutal dictators to taunt Jews--while we watch:

Just out. #UN "expert" & antisemite #RichardFalk says #Israel "control[s]...the world media"! <http://ow.ly/lQkmp>

**Anne Bayefsky** @AnneBayefsky

At the United Nations Human Rights Council where #Iran speaking on how much it cares about #humanrights. Nobody laughed.

**Anne Bayefsky** @AnneBayefsky

At UN Human Rights Council, European Union issues call for #Israel to fall on the #UN's sword, for the sake of everybody else.

**Anne Bayefsky** @AnneBayefsky

#RichardFalk at UN Human Rights Council bashes U.S. for \$\$ & military cooperation with #Israel. Didn't take him long.

**Anne Bayefsky** @AnneBayefsky

Guess what. #RichardFalk says not one word about #humanrights violation by a single Arab. Guess #Israel fighting with itself.

**Anne Bayefsky** @AnneBayefsky

Hezbollah says #RichardFalk has been defamed. Falk becomes victim in inverted human rights world of #UN.

**Anne Bayefsky** @AnneBayefsky

Human rights violation authority #Venezuela accuses #Israel of "systematic human rights violations."

**Anne Bayefsky** @AnneBayefsky

#SaudiArabia says #Israel flouts human rights law. From the land of gender apartheid.

**Anne Bayefsky** @AnneBayefsky

#Syrian representative upset by #Israeli "aggression." And no one flinched. After all, this is the #UN.

**Anne Bayefsky** @AnneBayefsky

#Iran, whose Pres. openly advocates annihilation of Israel, says Israel guilty of genocide.  
UN value? Deflect attention from real violators.

**Anne Bayefsky** @AnneBayefsky

#Cuba says "#Israel's acts are genocidal in nature." #UN "rights" council is the ideal place for hysterical lies.

**Anne Bayefsky** @AnneBayefsky

#Syria thanks #RichardFalk for describing facts as they are. Send Falk to Syria to investigate facts as they are!

**Anne Bayefsky** @AnneBayefsky

Responsibility to protect applies to #Palestinians, says #RichardFalk. What do you say, Samantha Power?

Here is Bayefsky's stirring [address to the Council](#), calling out Falk for the ongoing scandal that he is.
